

Six Toes

DOB Unknown Gender: Male

Six Toes is one of our ohana's barn cats. He gets his name from having six toes on his paws! This is called being "polydactyl." He LOVES his horse friends and can be found checking on them especially when they are not feeling well. He is incredibly sweet, enjoys being petted and often can be found seeking out affection from all visitors.

Fun Fact!

A polydactyl cat is a cat with a congenital physical anomaly called polydactylism, which causes the cat to be born with more than the usual number of toes on one or more of its paws.
